

INDEPENDENT NATIONAL
ELECTORAL COMMISSION

FINAL LIST OF CANDIDATES FOR STATE ELECTIONS

Governorship & Houses of Assembly

www.inecnigeria.org

Content

 Preface	3
 Governorship Candidates and their Running Mates	4
 Houses of Assembly Candidates	97

Preface

Nigeria's 2023 General Election is scheduled to hold in two phases beginning with national elections (Presidential and National Assembly) on Saturday 25th February 2023 and State elections (Governorship and State Houses of Assembly) on Saturday 11th March 2023.

Pursuant to the provision of Section 32(1) of the Electoral Act 2022 and as provided in the Timetable and Schedule of Activities for the 2023 General Election released by the Commission on 26th February 2022, this publication contains the final list of candidates nominated by the 18 political parties for State elections. It covers Governorship candidates and their running mates for 28 out of the 36 States of the Federation. This is so because in eight States (Anambra, Bayelsa, Edo, Ekiti, Imo, Kogi, Osun and Ondo), elections to the offices of Governors are held off-cycle and not part of the general election. Furthermore, the publication also covers 993 State Houses of Assembly constituencies.

The list has been published in all the relevant offices of the Commission nationwide and simultaneously uploaded to the Commission's website for public information.

GOVERNORSHIP CANDIDATES AND THEIR RUNNING MATES

ABIA STATE

The image features a white background with several abstract geometric elements. In the top left, a dark green curved shape is partially visible, with a yellow wavy line below it. A large yellow semi-circle is positioned in the upper center, with a red wavy line below it. To the right of the yellow semi-circle, there is a grey horizontal bar, a dark green semi-circle, and a teal semi-circle. In the bottom left, there is a small yellow quarter-circle. On the right side, there is a red semi-circle above a grey vertical bar containing a series of green diagonal lines. A large dark green semi-circle is at the bottom right.

The image features a white background with several abstract geometric elements. In the top left, a dark green curved shape contains a yellow wavy line. A large yellow semi-circle is positioned in the upper center, with a red wavy line below it. To the right, a grey horizontal bar is partially visible above a green semi-circle. Below these, a red semi-circle sits atop a grey vertical bar that contains a series of green diagonal lines. A dark green semi-circle is on the far right, and a yellow quarter-circle is in the bottom left corner.

The image features a white background with several abstract geometric elements. In the top-left corner, a dark green curved shape is partially visible, with a yellow wavy line extending from it. A large yellow semi-circle is positioned in the upper-middle section, with a red wavy line below it. To the right, a grey horizontal bar is partially obscured by a dark green semi-circle, which is further overlaid by a teal semi-circle. Below these, a red semi-circle sits atop a grey vertical bar containing a series of green diagonal lines. A large dark green semi-circle is on the far right. In the bottom-left corner, a small yellow quarter-circle is present.

The image features a white background with several abstract geometric elements. In the top left, a dark green curved shape is partially visible, with a yellow wavy line below it. A large yellow semi-circle is positioned in the upper right, with a red wavy line below it. To the right of the yellow semi-circle is a grey horizontal bar. Below the yellow semi-circle is a red semi-circle, which is partially overlapped by a grey vertical bar containing a series of green diagonal lines. To the right of the red semi-circle is a dark green curved shape, with a teal semi-circle overlapping its bottom edge. In the bottom left corner, there is a small yellow quarter-circle.

The image features a white background with several abstract geometric elements. In the top left, a dark green curved shape is partially visible, with a yellow wavy line below it. A large yellow semi-circle is positioned in the upper right, with a red wavy line below its lower edge. To the right of the yellow semi-circle is a grey horizontal bar. Below the yellow semi-circle is a red semi-circle, which sits atop a grey vertical bar containing a series of green diagonal lines. To the right of the red semi-circle is a dark green curved shape, and below it is a teal semi-circle. In the bottom left corner, there is a small yellow quarter-circle.

The image features a white background with several abstract geometric elements. In the top left, a dark green curved shape is partially visible, with a yellow wavy line below it. A large yellow semi-circle is positioned in the upper right, with a red wavy line below it. To the right of the yellow semi-circle is a grey horizontal bar. Below the yellow semi-circle is a red semi-circle, which is partially overlapped by a grey vertical bar containing a series of green diagonal lines. To the right of the red semi-circle is a dark green curved shape, with a teal semi-circle overlapping its bottom edge. In the bottom left corner, there is a small yellow quarter-circle.
